TRANSMITTAL OF SUBSTITUTE SPECIFICATION

FILED UNDER 37 CFR 1.125

Dear Sir:

The following documents are being transmitted herewith for filing in connection with the above-identified U.S. patent application:

1. A substitute specification.
2. A marked up version of the substitute specification.

In the marked up version of the substitute specification, all text added since the specification of record was filed, is underlined, and all text deleted, contains strikeouts or brackets. The specification of record contained clerical and formatting errors (line numbering, misspelled words and incorrect header / footer references) which have now been corrected. Additionally, the bracketed information on line one, in each of the Claims 3, 4 and 5, were inadvertent clerical errors and therefore removed.

The substitute specification includes no new matter.

Respectfully submitted,

Kim Kanzaki
